

# **S.A.L.t. – Serve and Learn Together**

## **Discipleship, Servanthood, Leadership**

An integral part of the S.A.L.t. program is the combination of work, intentional discipleship, and leadership training. Service to others in Jesus' name and following closely as a learner to Jesus as Lord are essentials for the growing Christian. Our goal is to effectively put faith into practice in the workplace to be an effective witness for Christ, applying S.A.L.t. to a lost and dying world and shining His light.

The S.A.L.t. program provides the place, time, and tools for young adults to move forward confidently in their Christian journeys. Daily group devotional time and community prayer, weekly teaching and discussion sessions, and guided reflection assignments will be part of the discipleship program. Jesus cautioned His followers that S.A.L.t. is not effective if it loses its S.A.L.t.iness. Followers of Christ must abide in Him through His word and fellowship with other believers to not become diluted and ineffective.

Practitioners of Christian leadership from both business and Christian ministry will share the basics of leading as a follower of Jesus. Mentors will be available to teach, coach and encourage S.A.L.t. staff as they work on the campus, helping them to use best practices in Christian leadership. S.A.L.t. staff will be given opportunities to put what they have learned into practice in their work assignments.

Expect these components of the program to add 8-10 hours of required activities to your week.
